ADVANCED TECHNOLOGY

- Soft Roll™ Technology - Monteverde USA® Soft Roll™ refill transforms the ballpoint into a miracle of writing technology! The latest breakthrough in ink technology has been applied to create the smoothest writing experience EVER!
- Ceramic Gel™ Technology - Offering a brand new and incredible innovation: 3 years shelf life, smooth writing to the last drop of ink, rust free, ceramic ball, new gel ink with controlled viscosity. Refill will not dry with cap off.
- Colors - Offering for the first time ever, 10 beautiful colors in Soft Roll™ ballpoint refills.
- Rollerballs - Offering now in striking colors. We are providing a variety of ink colors to add new technology, fun and function to your writing style. Use different colors for Holiday cards, letters and personal notes.
- Spring loaded tip fineliner - The spring loaded fiber tip in this refill allows the finest written line to be maintained with continued use. The shock absorber effect achieved by the small internal spring designed directly behind the tip prevents the porous fiber tip from widening or spreading.
- Ink - ITF™ Our new Ink Treatment Formula drastically improves ink-flow quality, extends cap-off time and improves ink drying time on paper.

Monteverde USA® (Est. 1999) has always been the fine pen industry leader in introducing new shapes and unimagined colors. They have been a wholly owned subsidiary of Yafa Pen Company® (Est. 1978) which has provided the resource of over 30 years of experience in writing instruments. This experience has created unprecedented designs and technologically advanced innovations in pens, refills and inks. This strong commitment to new quality products has enabled the Monteverde USA® brand to be sold internationally.

We are very proud to be The World's Largest Single Source For Pen Refills™ and Inks. Fun and creative choices are offered to our customers by providing the largest variety of ink types and colors in refills and inks that fit most major fine pen brands. No longer does one need to be limited to writing in just black or blue with their favorite brand of fine pen. We hope you enjoy exploring all the options that are now made available to you by Monteverde's premium refills and inks.

"Creating New Ideas From the Inside Out™" will continue to remain Monteverde's firm commitment. Since the refill and ink are the heart of any writing system, we will continue to develop a variety of new and creative refills and inks to add to our already extensive collection.

We invite you to renew your love for writing by experiencing the luxurious beauty and innovative design of a Monteverde USA® writing instrument. Our goal will have been achieved if you discover new creative ways to express yourself by the beauty of the written word.

ITF[™] Our new Ink Treatment Formula drastically improves ink-flow quality, extends cap-off time and improves ink drying time on paper.

The Monteverde USA[®] Core Collection, rich in color, vibrancy, and brilliant hues, is the central part and key to our ink story. Our fundamental collection of stunning fountain pen inks is available in a wide spectrum of nature-inspired colors, ranging from vibrant Caribbean Blue to bold Mandarin Orange. Each ink is carefully crafted for use in your favorite fountain pens using ITF™ technology; aiding in maintenance by improving ink flow and extending cap-off time, all the while lubricating your fountain pen feeding system.

G305MIX

Traditionally used as a form of jewelry or other adornments, gems have captured the eyes of men and women alike, expressing through their beauty what our words cannot. With this in mind, Monteverde USA® has created the Gemstone Ink collection: a line of brilliant fountain pen inks that are rich in color and vibrancy. Each ink will add a layer of expression and value to your handwriting. Whether it's adoration, excitement, longing, or honesty, show those closest to you that you care with one of our 11 unique colors: Sapphire, Olivine, Topaz, Fireopal, Moonstone, Amethyst, Charoite, Erinite, Ruby, Garnet, and Onyx. Each ink is made with Monteverde USA's European ink treatment formula (ITF), which drastically improves ink-flow quality, extends cap-off time, and lubricates and protects the ink feeding systems from corrosion or clogging.

The innovative leaders in the world of ink; Monteverde USA is proud to introduce the Emotions Collection. This new collection was inspired by the important language of color and the messages we convey when we choose to accessorize or put to paper our chosen hue. The Emotions Collection allows you to express how you are feeling in a manner very few non-verbal communications can do. Whether your day's correspondence calls for passion or confidence, wisdom or motivation; you can find the perfect color for the occasion.

EMOTIONS

INK COLLECTION™

The innovative leaders in the world of ink; Monteverde USA is proud to introduce the Emotions Collection. This new collection was inspired by the important language of color and the messages we convey when we choose to accessorize or put to paper our chosen hue. The Emotions Collection allows you to express how you are feeling in a manner very few non-verbal communications can do. Whether your day's correspondence calls for passion or confidence, wisdom or motivation; you can find the perfect color for the occasion.

Wisdom
(Purple)

Combining the stability of blue and the passion of red, purple aides in expressing wisdom and pride as well as encouraging others around us. An introspective color, purple promotes strength of the mind and heart, helping to alleviate worries, to appreciate that which we already have, and assists in speaking out for yourself and others.

Peace
(Blue)

A color that seeks tranquility and understanding above all else, blue is representative of peace and harmony. Much like watching the clouds move across the sky, blue is a color that can reduce stress, creating a sense of calmness, relaxation and serenity. Surround yourself with tranquil blue and you'll find a higher level of mental clarity and spiritual perspective in your daily life.

Passion
(Burgundy)

A powerful and inspiring color, burgundy excites the emotions, excites us to take action and is the embodiment of admiration, determination and passion. Bold and full of positive energy, burgundy also signifies the pioneering spirit and is associated with strong emotional qualities.

Motivation
(Orange)

Radiating warmth and happiness, orange is the embodiment of emotional strength, enthusiasm and motivation. Orange is earnest, uplifting and encouraging in difficult times, helping us bounce back from despair and disappointment. Inspiring and powerful, orange rejuvenates the spirit, helps in keeping you motivated and looking towards the positive side of life.

Love
(Red)

An emotionally intense color, red represents love, longing and affection. Associated with our most physical needs and desires, the color red is the embodiment of affection, awakening our desires and stimulating a deeper and more intimate passion within ourselves and to others around us. Let those know how you adore them with this loving and powerful color!

Kindness
(Pink)

A combination of emotive red and honest white, pink is insightful, calming and represents kindness. It is a positive color, inspiring warm and comforting feelings, helping to alleviate thoughts of anger, aggression or resentment. Tender, empathetic and undeniably positive, pink effortlessly soothes the soul and opens the mind to optimism and compassion.

Joy
(Sepia)

Friendly and approachable, sepia is a down-to-earth color signifying stability, sincerity, happiness and joy. This natural and common color encourages calmness, comfort and a strong sense of belonging, with family and friends being of the utmost importance. Treasure those around you and reassure them of your friendship with this genuine and wholesome color!

Hope
(Green)

A combination of optimistic yellow and calming blue, green is the color of positivity, creativity and hope. It is the embodiment of innovation, mental clarity and enlightenment between the head and heart. Those who surround themselves with this natural color find that they are more productive, creative, and assured of themselves and their future decisions. Express yourself with this vibrant and stimulating color!

Gratitude
(Magenta)

A strong and inspiring color, magenta represents emotional balance, helping to create harmony, happiness and gratitude in every aspect of daily life; whether it's physically, mentally, emotionally or spiritually. When in the company of magenta, most people feel optimistic, content and appreciative of what they have acquired and achieved in life. Uplift your spirits and achieve a higher degree of gratitude with this influential color.

Confidence
(Blue)

Often associated with depth and stability, blue symbolizes confidence, understanding, harmony and courage. With blue, we are able to reduce stress, increase unity, and better communicate our needs, wants and desires. Those determined to gain insight, spiritual perspective or cohesion of mind and matter, surround themselves with this enlightening and strong color.

10 Shades of Blue Ink

The color of the clear sky, the deepest sea and preferred by Royalty and most of the world alike, there is but one true color, Blue. Monteverde USA[®] is proud to introduce its latest ink collection, **Bloo**. This beautiful, harmonious collection allows the lover of blue to fully express their full range of emotions. Whether peaceful or confident, stable, wise or sad, the **Bloo** Ink Collection™ is the essential tool for the serious writer.

MV20000 (6 pack boxes)

Everyone knows counter space is the most expensive real estate in every retail environment; the MV20000 ink cartridge display packs more dollars worth of fast turning merchandise into one square foot, making it perhaps the most profitable spot in any store! Monteverde standard international ink cartridges in 12 vibrant colors fit conveniently into the self-service storage shelves, each box clearly marked for easy purchase. All Monteverde USA ink cartridges utilize ITF Ink Treatment Formula that drastically improves ink flow quality, extends cap off time and lubricate and protects ink feeding systems from corrosion and clogging.

UNIVERSAL INK CONVERTERS

MONTEVERDE USA® PISTON INK CONVERTERS TO FIT MONTEVERDE AND MOST FOUNTAIN PENS

Monteverde USA® premium quality ink converters are the finest available today. The use of ink converters allows the user to choose bottled fountain pen ink as an alternative to disposable ink cartridges, thus eliminating waste and opening up the vast world of nearly unlimited bottled ink colors.

Although this converter will work with any fountain pen ink, Monteverde USA® always recommends our ITF™ range of inks. ITF™ inks improve ink-flow quality, extend cap-off time and lubricate and protect ink feeding systems from corrosion and clogging.

TO FIT UNIVERSAL FINELINER PENS

MONTEVERDE USA® SPRING LOADED TIP FINELINER REFILL TO FIT MOST CAPPED ROLLERBALL PENS

METAL TUBE REFILL

German made, Monteverde USA® spring loaded fineliner refills fit most of the world's finest rollerball pens.

The spring loaded fiber tip on this refill allows the finest written line to be maintained even with continued use. The shock absorber effect achieved by the small internal spring designed directly behind the tip prevents the porous fiber tip from widening or spreading. The result is a fine line with added comfort and superior contact with the paper, enhancing your writing or drawing experience.
